### Recommended storage conditions

Store in dry place. Provide appropriate exhaust ventilation and dust extraction. Optimum storage temperature 0 - 25 ° C. Requirements for storage rooms and container: Store in dry place. Do not store together with oxidizing agents, acids.

### Safety/Environment

Don't eat and/or drink. Use a filtering half-mask/fine particle filter during use. Do not inhale the spray and atomised mist. Store it in a dry, dark place. Keep it out of reach of children and pets! If it comes into contact with the eyes: wash it out using plenty of water.

### General information

**HERBALAND® Z** is an inorganic soil improver, indicated for soil application and mainly for light to medium soils. The products contains a specific combination of nutrients, to promote and maintain, improve or protect the soil's chemical, physical and biological properties.

### Additional information:

Can be used in organic farming in accordance with current European legislation.

Rich in Calcium oxide (CaO: 2,7 %) and Silicon dioxide (SiO<sub>2</sub>: 65.0 %).
